

KONICA MINOLTA

bizhub 7272

The versatility of bizhub

creates a central resource for all your information: documents in, pages scanned, files shared and workflow unrestricted by time or place.

High-speed 72 ppm output

handles the busiest traffic flow with ease – and Tandem Printing lets you double your print/copy output to 144 ppm.

300,000-page maximum duty cycle, with rugged construction and reliable performance that provides a perfect solution for high-volume corporate and client demands.

Fast, flexible scanning

brings information into your workflow faster – Scan from ADF at up to 70 scans per minute, Scan-to-Email to share documents, Scan-to-FTP server, or Scan-to-HDD for immediate downloading, saving in personal file folders, and sharing via your network.

IP-511 Type A Embedded

Print Controller option with advanced desktop printing features, including Tab Support printing.

Simitri® Polymerized Toner

sharpens fine lines, makes text more legible, increases halftone definition and enriches solid color fills.

ACT™ (Advanced Continuous

Toner) technology allows you to change toner on the fly.

7,600-sheet maximum

paper capacity (with options) lets you work longer without re-loading paper.

Production-quality finishing

options for in-house printing: half-fold/saddle-stitch booklet-making, tri-fold, z-fold, 100-sheet stapling, 2-hole/3-hole punching, cover insertion and more.

PageScope software

to speed document workflow throughout your organization – letting you manage devices with simple web-browser control and providing options for personal document management, OCR and image enhancement, file format conversion and simple document routing.

Digital Printer/Copier/Scanner. It puts you at the high-speed hub of your business. With fast, high-volume print/copy output. Powerful, flexible scanning. Production-quality finishing options for in-house, on-demand printing – all in one simple, expandable, reliable resource.
